Two Year Old Stags For Sale

Woburn Farm Sales 2019

We are very pleased to be offering for sale some very exciting yearling hinds and 2 year old stags.

2 year old stags available

This year we are proud to offer sales of top Woburn 2-year-old stags from four of our top sires shown below;

AMPTHILL (013-16)

pictured age 4

235kg at three years old Ampthill has produced outstanding progeny weights with daughters up to 95kg @ 12 months and sons at 132kg @ 12 months (born 2017 weighed 06/06/2018).

HENRY R (T17)

pictured age 9

44 points and 282kg live weight Henry R has proven to be a truly exceptional sire. Producing sons up to 126kg @ 12 months and daughters up to 102kg @ 12 months (born 2017 weighed 06/06/2018).

CHENIES (013-13)

pictured age 4

Another outstanding son from Woburn sire Torrington. 215kg at 3yrs with a very heavy beam and 34 points. Superior for venison and antler as you can see. Massive crown development very suited for correctness.

SPEEDWELL (014-17)

pictured age 5

Speedwell continues to show himself as an outstanding sire. With his pedigree of Norton II and dam line Y23 this will be very exciting to see him progress; mated across the yearlings he had 100% conception.

All stags sold at 2 years old with full pedigree and DNA profile.

Yearlings For Sale

All yearlings sold at 18 months post rut giving the purchaser the option to select which current sire covers each hind, this gives you the opportunity to buy Woburn hinds to add outstanding genetics to your herd with the advantage of adding a second generation from Woburn's proven sires. This year we are proud to offer a select amount of Woburn Yearling hinds available for sale with outstanding body weights from four of our top sires;

CLUNE

This incredible sire hit 300kg at 4 years old. An exciting prospect for the future of the Woburn Farm breeding programme. His first year of progeny producing daughters 95kg @ 12 months (born 2018 weighed 12/06/2019) and spikers over 118kg @ 12months (born 2018 weighed 12/06/2019).

pictured age 4

SPEEDWELL

Speedwell is proving his heritable traits with yearling hinds weighing over 98kg @ 12 months (born 2018 weighed 12/06/2019) averaging 92kg and spikers over 139kg @ 12months (born 2018 weighed 12/06/2019) averaging 113kg.

pictured age 5

TORRINGTON

This sire has proven his heritability over the last 5 years with outstanding progeny every year. This year is no exception with daughters over 88kg @ 12 months (born 2018 weighed 12/06/2019) and sons over 126kg @ 12months (born 2018 weighed 12/06/2019) averaging 110kg.

pictured age 8

CHENIES

Another outstanding son from Woburn sire Torrington. 215 kg at 3yrs with a very heavy beam and 34 points. Superior for venison and antler as you can see. Massive crown development very suited for correctness.

pictured age 3

Limited numbers of AI progeny available alongside sires listed above.

UNIQUE OPPORTUNITY FOR ADVANCED GENETICS

At Woburn we have developed an opportunity for Deer Farmers and Park owners to access some of the Worlds most advanced genetics by way of Artificial Insemination with stunning sires including our very best sires and current and past World Record sires for SCI, unofficial CIC, and for antler weight from New Zealand, exclusively available through Woburn.

The unique feature of this opportunity is that we will do the AI for you and deliver up pregnancy tested in calf to AI females after mating.

For full details of this program, please contact Martin by telephone or email as shown above.
