Two Year Old Stags For Sale

Woburn Farm Sales 2018

We are very pleased to be offering for sale some very exciting yearling hinds and 2 year old stags.

2 year old stags available

This year we are proud to offer sales of top Woburn 2 year old stags from 3 of our top sires shown below;

GORDON

Gordon pictured age 4

208kg at 2 years old
Son of Battlesden, Gordon has produced fantastic progeny body weights with 2 year old sons weighing over 200kg with exceptional antler potential.

Sons born 2016 – producing sons with 12 month weights up to 133kg (weighed 08/05/2017).

Daughters born 2016 – Up to 90kg 12 month weight and average of 80kg across 8 daughters (weighed 08/05/2017).

HARRINGTON

Harrington pictured age 5

Son of Big Boy (616 SCI).
With outstanding antler formation and correctness.

Sons born 2016 – Producing sons up to 111kg at 12 months with average weight 103kg (weighed 08/05/2017).

Daughters born 2016 – Average 12-month weight of 77.6kg (weighed 08/05/2017).

HENRY R

Henry R pictured age 8

Age 8, 39 points, 14.5kg hard antler and live weight 282kg. Son of Churchhill with massive lower tines and plenty of everything.

Sons born 2017 – Producing sons up to 126kg at 12 months (weighed 12/05/2018).

Daughters born 2017 – Average 12 month weight of 88kg with biggest at 99kg (weighed 12/05/2018).

All stags sold at 2 years old with full pedigree and DNA profile.

Yearlings For Sale

All yearlings sold at 18 months post rut giving the purchaser the option to select which current sire covers each hind. This gives you the opportunity to buy Woburn hinds to add outstanding genetics to your herd with the advantage of adding a second generation from Woburn's proven sires.

This year we are proud to offer a select amount of Woburn Yearling hinds available for sale with outstanding body weights from 4 of our top sires;

HENRY R

Up to 90kg 12-month weights and average of 80kg across 8 daughters (weighed 12/05/2018) Henry R is a fantastic stag to add weight, antler growth and correctness.

Henry R pictured age 8 (2017)

SPEEDWELL

An impressive 2 year old Speedwell has again produced a fantastic set of antlers at 3 years old as pictured. With his pedigree of Norton II and hind Y23, it will be very exciting to see his progress. Mated across the yearlings he had 100% conception.

Speedwell pictured age 3 (2017)

AMPTHILL

Another outstanding son from Woburn sire Torrington. Exceptional daughters with weights up to 102kg and an average weight of 92kg at 12 months (weighed 12/05/2018).

Ampthill pictured age 4 (2017)

CHENIES

Yet another outstanding son from Woburn sire Torrington. 235 kg at 3yrs with a very heavy beam and 34 points. Superior for venison and antler as you can see. Massive crown development, very suited for correctness.

Chenies pictured age 4 (2017)

UNIQUE OPPORTUNITY FOR ADVANCED GENETICS

At Woburn we have developed an opportunity for Deer Farmers and Park owners to access some of the Worlds most advanced genetics by way of Artificial Insemination with stunning sires including our very best sires and current and past World Record sires for SCI, unofficial CIC, and for antler weight from New Zealand, exclusively available through Woburn.

The unique feature of this opportunity is that we will do the AI for you and deliver up pregnancy tested in calf to AI females after mating.

For full details of this program, please contact Martin by telephone or email as shown above.
